MA

SUMMARY

I am a highly motivated and versatile Graphic Designer with a talent for visual storytelling. I excel in transforming complex ideas into compelling graphic designs for both print and digital platforms. My strong web and social media management skills, combined with proficiency in front-end development, allow me to create consistent brand experiences. I thrive in collaborative environments and am eager to enhance my skills in a creative setting.

EXPERIENCE

GRAPHICS DESIGNER(Department Leader)

SKY VISION MEDIA

📅 01/2021 - 01/1970

- Collaborate seamlessly with writers, editors, and marketing team.
- Possess a keen eye for detail and visual hierarchy
- Mastery of industry-standard design software (e.g., Adobe Creative Suite)
- Developing eye-catching graphics, infographics, and illustrations

Front End Web Developer (Intern)

COVENANT UNIVERSITY CITS

📅 01/2023 - 01/1970

- Highlight your accomplishments, using numbers if possible.
- Learn and apply coding languages like HTML, CSS, and JavaScript to enhance user experience
- Work closely with the development team to implement design elements on the front-end

IT Specialist| Social Media Manager

REALITY HOMES ESTATE

📅 01/2022 - 12/2022

Remote role

- Assist in website development and maintenance, ensuring a user-friendly experience for potential clients searching for properties.
- Manage content on the agency's website, including updating property listings, news, and agent profiles.
- Monitor and analyze website traffic and user behavior to improve online marketing strategies.
- Help implement online marketing tools like search engine optimization (SEO) and social media management.

Graphics Designer

GETZ DIGITAL AGENCY

📅 01/2018 - 12/2018

- Create eye-catching promotional materials: Design flyers, posters, and social media content to promote the cyber cafe's services, events, and special offers.
- Maintain a visually appealing environment: Design and maintain the cyber cafe's layout, signage, and branding elements to create a welcoming and engaging atmosphere.
- Develop user interfaces for in-house applications: Design user interfaces for applications used by cyber cafe patrons.
- Produce high-quality marketing materials: Design digital marketing assets like website banners, social media graphics, and email marketing visuals.
